

## Lost Tools Slow Drilling in Field

### TP Company Tries for Completion of Canyon Series; New Wells Are Planned

Tools lost in holes plagued two oil operators in the Hamlin area this week, as efforts to recover were being made. Meanwhile all drilling operation on the two wells shut down while crews concentrated on recovery of the bits.

Texas Pacific Coal Oil Co., drilling the Pardue-Toler No. 2, shut down further operations while trying to recover a string of tools, and Ellis A. Hall, drilling the Decker No. 3, was also engaged in a fishing job.

Dr. W. H. Bryant, Eleanor S. Towne No. 6, was shut down at 10 feet Wednesday when trouble developed in the drilling block. Operators were hopeful drilling could be resumed late Thursday or Friday.

General Crude Oil Co., A. G. Gonzalez No. 2 was preparing to begin drilling operations after a rig was moved in this week. The well is one location north of the Gonzalez No. 1.

Texas Pacific was making a location Wednesday for the Redus No. 2, one location south of Redus No. 1 well.

Texas Pacific has set casing in the No. 1 Pardue-Toler, Account 2, and was preparing Thursday to drill the plug.

The well, located northwest of Hamlin, was trying for completion of the Canyon series, which would mean a third pay zone for the pool. Located one half mile south of

### Sprayer Expected to Arrive During Week

City officials expected Hamlin's new DDT spraying machine to arrive some time this week, and promised to put it to work immediately in spraying city streets and alleys. The machine, ordered late last Tuesday was promised for delivery within seven to 10 days, Holly Toler, mayor, said.

When the machine arrives we will put it to work and keep it working until not a fly can be found in town, Toler said. Plans are to use the sprayer every day for the first seven days, and then at regular intervals throughout the summer. It will be operated throughout daylight hours each day until the town has been thoroughly saturated, the mayor promised.

### ENROLLS IN ACC

Peggy Joyce Terrell, daughter of Mr. and Mrs. Elmer Terrell of Hamlin, has enrolled for the summer term at Abilene Christian College. Miss Terrell was graduated from Hamlin High School in 1949, and is majoring in physical education.

### A Question of Money . . .

This little girl is one of the lucky ones who is receiving anti-tuberculosis protection through U.N. International Children's Emergency Fund (UNICEF) in cooperation with the World Health Organization (WHO) and Scandinavian Red Cross societies. Extension of the campaign, which was to reach some 100,000,000 youngsters all over the world, is imperilled by UNICEF's lack of funds, now barely sufficient for this year's help program.

Miss Jessie Myers, former Hamlin girl, will lead the grand parade at the annual Texas Cowboys Reunion in Stamford next week. Miss Myers, now an instructor in horsemanship at Hardin-Simmons, was winner of the sponsors contest at Stamford last year.

## New Water Tower To Be Completed Within 30 Days

Work on the new water tower for Hamlin got underway this week, and the contractor promised it will be completed and ready for use within 30 days, Holly Toler, mayor, said Thursday.

The tower is located in the north part of Hamlin and will give the city a total capacity of 275,000 gallons of water above ground, Toler said.

The old tank in the southwest part of town has a capacity of 75,000 gallons, and the new one will hold 200,000 gallons.

Erected at a cost of \$32,210 for steel work, an additional cost of \$2,400 was spent in construction of concrete foundations for the tower.

Contract for erection of the tower was awarded to Pittsburg - Des Moines Steel Co.

With completion of the tower Hamlin will have complied with requirements of the state fire marshal for water storage, and residents will find greatly increased pressure at water taps.

A 10-inch main has been connected to the tower to carry water into city lines.

Workmen were nearing completion this week of a 6-inch main from tower supply lines to the Hamlin Memorial Hospital and to new housing units constructed in the west part of town.

### Rotarians Plan Trip To Boy Scout Camp

Members of the Hamlin Rotary Club, with their wives, will go to Camp Tonkawa, Boy Scout retreat in Abilene State Park for a picnic luncheon the evening of July 8, it was announced this week.

The picnic will replace their regular weekly luncheon, Bill Terry, president said.

New officers for the Rotary Club will be installed the first Wednesday meeting in July, Terry said.

### Hamlin Blue Jays Are Victors Over Tigers

The Hamlin Blue Jays routed the Anson Black Tigers in a thrilling contest Monday afternoon when the locals took a one-point lead in a score of 4 to 3.

Only three hits were allowed the Tigers by Hamlin's pitcher, while the Blue Jays gathered four hits from Anson's hurler.

The game marked part of the annual celebration of June 19, anniversary of signing of the emancipation proclamation.

### FOOD SALE PLANNED

A food sale to defray expenses of Hamlin MYF members to the summer encampment at Ceta Canyon, was announced this week. The sale will be conducted Saturday, July 2 on Hamlin streets. The encampment is scheduled for July 11 to 15.

Psyche was the maiden loved by Cupid.

## Crowds Growing As Teams Fight For Top Places

Increased interest in Hamlin's twilight softball league was reflected in larger crowds at the tri-weekly contests as teams were jockeying for top positions in the three loops.

Celotex men's club was leading the men's league and Stamford women, made up of players from the New Hope community, was out in front in the female division.

In the boys' league, only three teams were entered, but the Lion Cubs from Hamlin have emerged as the outstanding club, with a perfect record thus far in the season.

In games played last week the Stamford women took hard fought contest from Hitson with a score of 9 to 5 last Saturday evening.

The Hamlin boys, all-stars, bowled to Rule in the second game of the evening. Score was 17 to 4.

Hamlin women took a game from McCaulley Monday evening with 10 runs to only four for the McCaulley players.

The High School Green Sox, Hamlin boys' team, defeated Sylvester 12 to 4 in the evening's second battle. Sugar Green, on the mound for Hamlin, allowed only two hits.

The Lions Cubs managed to eke out a one-point win from Rotan when the score was 5 to 4 for the locals.

Robert Fletcher singled in the last of the seventh inning to bring in two runs and victory for Hamlin. Rotan had led the Cubs 4 to 3 during the sixth and seventh innings.

Neinda Women took a game from Hitson in the second contest Tuesday evening with a score of 16 to 7.

Hitson men lost to Neinda by a score of 6 to 8 for the evening's final game. The teams were tied in the sixth and Hewett for Neinda brought in two runs with a well placed single to edge out the Hitson club.

The entire playing field is being sprayed two or three times each week to kill mosquitoes, Truman Nix, one of the promoters of the softball league, said this week.

Standing of the teams as of Wednesday, was:

MEN'S LEAGUE			
	W.	L.	PCT.
Celotex	3	0	1000
Hitson	2	1	.666
Green Sox	1	2	.333
Sylvester	1	2	.333
Neinda	1	2	.333
McCaulley	0	1	.000

WOMEN'S LEAGUE			
	W.	L.	PCT.
Stamford	2	0	1000
Neinda	3	1	.750
Hamlin	1	2	.333
McCaulley	1	2	.333
Hitson	0	3	.000

BOYS' LEAGUE			
	W.	L.	PCT.
Lion Cubs	3	0	1000
McCaulley	1	2	.333
Celotex	0	2	.000

### GAMES NEXT WEEK

Games scheduled for the coming week are: Thursday, June 23: Stamford vs. Hamlin, women; McCaulley vs. Celotex, men; Monday, June 27: Neinda vs. McCaulley, women; Green Sox vs. McCaulley, men; Tuesday, June 28: Hitson vs. Hamlin, women; Sylvester vs. Neinda, men.

### Baptists Attending Lueders Encampment

Several members of the First Baptist Church of Hamlin have been in attendance at the annual Baptist Encampment at Lueders this week.

The encampment, which opened Monday, will continue through Sunday. Classes in Bible and Church doctrines are conducted daily, and outstanding speakers are heard each day and evening.

Rev. and Mrs. A. R. Posey and daughter, Barbara, attended most of the sessions this week.

### MISS SCOTT ELECTED

Miss Edith Scott, daughter of Mr. and Mrs. K. T. Scott of Hamlin has been elected secretary of the Brackenridge Hall dormitory for the summer term at Texas State College for Women in Denton. Miss Scott is a junior in TSCW and is studying home economics education.

Second lieutenants are called chevrons.

## Area Wheat Crop Nears Half Million Bushel Mark

### 'No Visitors' Sign at Fires Asked by Rotary

A request that Hamlin residents refrain from driving to fires in the city was made by unanimous vote of members of the Rotary Club in the weekly luncheon meeting Wednesday.

It was pointed out that the rush of traffic when the fire siren blows hampers the fire department in getting to fires and endangers the lives of those who rush to the scene of the blaze.

Members of the fire department, all volunteers, must have clear streets to reach the fire promptly, and heavy traffic at such times might result in serious accidents, in addition to causing greater loss in the blaze, Rotarians were told.

### More Than 4,000 Take X-ray Tests for T.B.

More than 4,000 X-ray chest pictures were made in the two clinics conducted in Jones County during the past week, it was announced by Joe Breed, chairman of the county program.

The mobile X-ray unit was in Stamford Thursday, Friday and Saturday of last week when 2,254 exposures were made. The unit moved to Anson this week, where pictures were made Monday, Tuesday Wednesday and Thursday.

Hundreds of people from Hamlin went to one of the two clinics for a free X-ray of their chests, Breed said.

### 50 Chicks Burned in Fire Monday Evening

Fifty baby chickens were burned when a brooder house at the Roe Brown home in southeast Hamlin was destroyed by flames Monday night.

The fire is believed to have started from defective wiring, but exact cause had not been determined. Firemen arrived after the flames were well underway and prevented spread of the blaze to nearby structures.

### More Than \$1400 for Cancer Fund in County

Jones Countians contributed more than \$1,400 to the American Cancer Association's annual drive for funds, in the campaign that closed two weeks ago, according to Blue Womack of Anson, county chairman.

Reports from Anson, Hamlin and Stamford, announced early this week placed the total at \$1,438. Lueders, Avoca and Nugent had not yet reported results of the campaign in those communities.

Stamford reported \$600 in gifts and Anson donors contributed \$621. Hamlin citizens gave only \$217 to the drive. Jones County's quota had been set at \$1,387, Womack said.

### Rev. Posey Speaker At County Meeting

Rev. A. R. Posey, pastor of the First Baptist Church of Hamlin, was one of the principal speakers at the monthly meeting of the Jones County Baptist Workers in the New Hope Baptist Church Tuesday.

Theme of the program was based on highlights of the recent Southern Baptist Convention in Oklahoma City. Others who spoke are Rev. Miles B. Hayes of Stamford, Rev. Henry M. Chambers of Anson and Rev. C. R. Williams.

### CAKE SALE PLANNED

A cake sale will be conducted on the streets of Hamlin Saturday, June 25, by members of the Methodist Youth Fellowship of the Dovie church, it was announced this week. Proceeds from the sale will be used to pay expenses of delegates to the MYF assembly at Ceta Canyon.

### ON VACATION TRIP

Mr. and Mrs. Tate May are in Salinas, Calif., this week where they are guests in the home of Mr. and Mrs. Truett May.

## Harvest Almost Completed in Hamlin Territory; Rain Storms Cut Yields

Harvest of the 1949 crop of wheat in Hamlin's area was rapidly coming to a close this week as the flood of grain into the city slowed to a mere trickle, elevator operators said Thursday.

Rain storms that came during the midst of the harvest made a substantial cut in yields of wheat, it was said.

A survey of elevators, conducted Thursday by The Herald, revealed that almost a half million bushels of grain had been harvested and sold in this vicinity during the season.

Many farmers have purchased and erected storage bins on their farms and are holding wheat under government loan agreements, one wheat buyer said.

A total of 221 car loads of wheat had been shipped out of Hamlin, or put in storage in a wheat warehouse. The 221 cars were estimated to contain approximately 419,900 bushels of grain.

With harvest nearing completion here many of the combines that had come in early in the season moved northward to follow the harvest as far north as the Canadian line.

Wheat still uncut this week will be handled largely by local com-

bines, and the harvest is expected to be entirely completed before middle of next week, with no grain left uncut by July 1.

Yields in many fields turned out surprisingly well it was said Thursday, despite the rains and hail and high winds. One farmer reported a yield of 29 bushels and several fields were reported to have made 25 to 26 bushels of grain per acre.

## Cotton Hoppers Infesting Some Fields in Area

Cotton flea hoppers are working in some fields in Jones County, Bill Lehmburg, county agent, reported this week, following a survey of crops near Hamlin.

Heavy rainfall during the past few weeks contributed to breeding and growth of the insects, Lehmburg said. Flea hoppers thrive when cotton plants have lush growth, he explained.

Flea hoppers are hard to find until one becomes accustomed to looking for them, the agent said. They vary in size from about the size of a pencil lead to about one fourth inch in length. The insects are pale green in color and usually can be found in the top growth of cotton plants. Adult flea hoppers have wings and can be seen flying out of cotton plants when they are disturbed.

Lehmburg said the best way to determine when to dust the cotton is to check 100 plants at the top of the plant and if as many as 25 or 30 flea hoppers are detected, it is time to dust.

An application of 5 per cent DDT with 75 per cent sulphur at the rate of 10 pounds per acre should be given for best control. The treatment should be continued at seven to 10 day intervals, as long as there are as many as 25 or 30 hoppers for each 100 plants.

Lehmburg advised cotton farmers to keep a close check on fields to prevent heavy damage by hoppers during the growing season.

## Cotton Crops in Area Affected by DDT Weed Killer

Effect of 24D weed killer spray on cotton in the Hamlin area has been studied during the past few days by cotton growers, who invited J. W. Fisher, from the Spur Experiment Station to make a survey here.

The cotton, some of which was sprayed inadvertently by the weed killer flying crews earlier in the year, is said to show effects of the solution, which will damage any broadleaf plant.

Several cotton fields in the Hamlin vicinity are said to have been affected by the aerial spraying activities, and in some of the fields Fisher said cotton leaves have wilted and will fall off.

Fisher told local farmers he does not know whether the spray will affect cotton production, but that it will be necessary to wait until cotton harvest time and see.

"When the 24D gets into the soil," Fisher said, "it takes from two to three months to spend itself. Any broadleaf plant that grows up in the affected soil during that time will suffer from its effects."

Fisher urged that cotton farmers and wheat farmers get together before next year's wheat crop comes up and reach an agreement concerning use of the spray.

If no agreement is made, he said, it might be necessary to have stringent state laws passed that would control the use of weed killer.

Mrs. S. M. Richardson of Dallas visited with her mother, Mrs. N. E. Money in Hamlin this week.

## Fourteen From Hamlin Area in McMurry Session

Fourteen students from the Hamlin area registered last week for the annual summer school session at McMurry college, Abilene, with a total of 294 students. Included are Mrs. Diane Carlton Jones, Clarence Lassater, Ray A. Bailey, Brad Rowland, Georgia Moore, Mrs. D. W. Stell, Eugene Tolar, Jake Weir and Joe Weir, Hamlin; Bennie Jones, Johnny Jones, Joanne Akens, and Patsy Maberry, McCaulley.

This is the smallest summer enrollment in McMurry college since the close of the recent war. Of this group approximately 90 will complete their degree requirements for graduation September 2. Many others are teachers taking various types of refresher courses.

Included in the summer curriculum of McMurry are fifty-three courses in the fields of art, education, science, religion, foreign language, business administration, English, math, history, and special music courses, both vocal and instrumental. Additional teachers have been added to the math, art and business administration staffs for the summer.

The second summer semester will begin at McMurry July 25, following a brief vacation.

### Lions Hear Musical Program From H-SU

Members of the Hamlin Lions Club were entertained with a musical program by two students from Hardin-Simmons University at noon Tuesday.

The students, Miss Dorothy Freeman, pianist, and Miss Bobbie Niles, soloist, gave several numbers. They were accompanied to Hamlin by Dean W. A. Stephenson.

### Fire Fighters Give Thanks for Ice Water

Appreciation for ice water furnished them while fighting the fire Monday evening, was expressed this week by members of the Hamlin Fire Department.

The ice water was brought to firemen by Mr. and Mrs. Chet Payne, who lived near the scene of the blaze that destroyed a brooder house at the Brown home in southeast Hamlin.

One member of the department said "That water was worth a dollar a drop to us."

## IT'S ONLY A START

Purchase of the DDT spraying machine by the Hamlin City Council last week marked an excellent start in the program to keep our city free from contagion and disease. But it was only a start.

Every street and alley and bypath and roadway in Hamlin can be saturated with the germicidal spray and still there will be situations existing in our town that will imperil the health of every resident. It is an excellent start toward a city safe from bacterial attack but there is something more that needs to be done.

For years and years Hamlin has boasted of a modern sewer system, and for just as many years there have been property owners in our town who have failed and refused to avail themselves of this sanitary method of waste disposal.

As a consequence of this neglect on the part of property owners numerous outside toilets are still in existence in Hamlin. Many of them have been neglected until they constitute a serious menace to the health of every man, woman and child in Hamlin.

And, many of those who maintain this 18th century method of sewage disposal have sewer lines running within a few feet of their property.

Some have made the plea that it is too expensive to tie into the sewer lines, and for that reason they still use the outmoded, insanitary and offensive system that long ago was outlawed in most modern communities.

But, where the health of an entire community is at stake, can one or more individuals be excused because of financial embarrassment? Would not they find ways and means of raising money if, through the neglect of sewage disposal, some member of their family should become ill?

Does not the health of an entire community weigh more heavily than the financial convenience of any one member of that community?

If it is impossible to force residents of a city to tie into sewer lines as a protection to all other residents, then all laws of sanitation become a farce and a travesty.

Yes, the purchase of the DDT spraying machine was a start—a good start—but there is something yet to be done before

Hamlin becomes a safe place to live and rear children. If the health of our city is to be given proper safeguards, we must clean up the germladen filth that daily helps to spread infectious disease.

## Doing For Ourselves

A proposal for compulsory government health insurance is in the news again. It will be one of the major issues to be considered by Congress this year. Of the arguments used in support of it, one of the most generally effective seems to be that it is often a serious burden to meet the cost of an unexpected hospital or doctor bill.

That is true enough—but it does not explain why government insurance, which would cost the taxpayers \$6,000,000,000 a year and perhaps more, is the way out. The proponents of the scheme seem to totally ignore the fact that a large percentage of the American people have protected themselves against this exigency. They have done it through one or more of the many voluntary prepayment plans, all of which are within the financial reach of the average worker and his family.

The growth made by these plans is phenomenal. The first came into being in Oregon in 1906. Initially, during the trial and error period, progress was relatively slow. Then, some years ago, a major expansion took place. One plan alone has well over 30,000,000 subscribers, most of whom pay the moderate charges through payroll deductions. And the benefits given have been steadily broadened.

In the light of all this, and looking at the issue from a purely practical viewpoint, there seems to be no reason for saddling the country with another enormous tax—and, in the process, giving a political group a half nelson on the medical profession.

We sleep, but the loom of life never stops, and the pattern which was weaving when the sun went down is weaving when it comes up in the morning. —Henry Ward Beecher

All successful individuals have become such by hard work; by improving moments before they pass into hours, and hours that other people may occupy in the pursuit of pleasure. —Mary Baker Eddy

## PETE GETS UNIQUE PRESENT FOR PAW ON FATHER'S DAY; BUT PAW HAS LAST WORD ABOUT SON'S GIFT

## Don't Wait for Bureaucrats to Fix 'Leaky Roof'; Better Do It Yourself

BY GEORGE PECK

During the late war a worried-looking individual walked into the office of the Rent Control Administrator in Memphis, and asked if anyone could tell him who was his landlord.

"Your landlord," a clerk told him, "is the man you pay your rent to." "I don't pay no rent," the man said. "You see, 'bout nine years ago I found me an empty house and moved in. I've been there ever since and ain't never paid no rent."

"Well, then," asked the clerk, "what's worrying you?"

"The roof leaks and if somebody don't come and fix it quick, I'm gonna move out."

Quite humorous, isn't it, whether it actually happened or not? It gave me a good laugh when I heard it, but my laughter was short-lived, for upon sober reflection I saw in this, what at first blush seemed to be just a harmless and highly amusing incident, a deadly parallel with what has happened to too many of the American people in recent years.

This ignorant, undoubtedly illiterate squatter, unwittingly reflected a philosophy which of late has been all too prevalent in these United States. Quite willing to squat for nine years on another man's property, relieved of the responsibility of paying rent for that long period of time, he had come to believe it was incumbent upon his unknown, noncollecting landlord to repair that roof. It did not occur to this non-rent paying tenant that he himself could do something about that leaky roof by repairing it.

This poor fellow had witnessed a paternalistic Federal Government doing for many of the American people numerous things which these people formerly did for themselves, and took pride and joy in the doing thereof. All around him he saw educated and more enlightened folks abandoning their independence to become serfs of government. It is small wonder that he should have fallen into the same evil ways and had cast aside what little remained of his self-respect.

Unfortunately, some of the supposed statesmen who we mistakenly have elected to office in Washington, have turned out to be mere politicians—legislators who propose and vote for legislation designed to appeal to the squatters who are too indolent to repair their own leaky roofs. These politicians are not actuated by a sincere desire to help the "under-dog" as they so loudly proclaim, but rather their legislative proposals are designed for the sole and selfish purpose of getting his vote.

These alleged "do-gooders" are to be found in both major political parties. Whether he has his hand

on the back of the Donkey or the Elephant, the legislator who proposes "something - for - nothing" schemes is a charlatan and a faker. In his heart he knows that Uncle Sam can give nothing away to his nieces and nephews that he first does not take away from them.

Fortunately, we do have some real statesmen in the Congress—patriots who know that the leaks in our national economic roof must be plugged up. Right now in the Senate these stalwarts are fighting like beavers to cut the budget. If your United Senators are among those who are carrying on this fight, drop them a line—commend them for their statesmanship. That will strengthen their hands; give them renewed courage to carry on. Merited pats on the back do help.

On the other hand, if the United States Senators from your state are not waging this good fight—take them to task for not protecting your interests—demand that they help in the job of plugging up the leaks in our economic roof—in insist that they throw away the drills with which they are making additional holes in that economic roof through which more and more of the taxpayers money will wastefully flow.

The slightest sorrow for sin is sufficient if it produce amendment, and the greatest insufficient if it do not. —Colton

Right actions for the future are the best apologies for wrong ones in the past—the best evidence of regret for them that we can offer, or the world receive. —Tryon Edwards

A suddenly falling barometer indicates a short storm. the shrew.

## Profits 'Squeezed Out' of Public Gives Better Standard of Living

BY MAURICE R. FRANKS

Editors of the rosy stripe never tire squaking about the billions and billions of dollars that business is "squeezing out of the public in the form of profits." Government statistics show that the national income in 1948 was \$220 billion and that business, both large and small, received a profit of \$20 billion, or 9 per cent of the total national income.

A superficial glance at this report would indicate that the American public is being taken for a ride by business, especially big business. In one sense of the word at least perhaps we are being taken for a ride—a ride in the finest automobiles from the finest homes to the finest food and department stores in the world—all made possible only by American enterprise plowing back into business the lion's share of these \$20 billion in profits.

Let's suppose that these billions, instead of being left on the job, were doled out to you and me in our "proportionate share," as the messiahs of Marxism would ordain. Perhaps some of us might clap our pates at the thought of hitting the jackpot and pocketing something for nothing. The wise man, however, would shake his head and remind us that, "All is not gold that glitters." Because if you and I were to be handed our "proportionate share" of these twenty billions of dollars that business is now using to give us better transportation, finer housing, more luxuries and the greatest general standard of living ever known to man, we should each receive just a little over \$137, or about 38c per day.

If this \$137 were a tax upon us of maintaining American business in all its phases—we ought as sensible human beings, to be more than willing to pay it because of what it yields us individually and collectively in the way of an everbettered standard of living. But, it is not something that comes out of our pockets, as the Marxists would have us believe—it is something actually created by incentive, savings and investment. Under an economic system offering no reward, these \$20 billion would never have come into being in the first place, so that there could not even be talk of "proportionate shares."

The real answer to a more solid economy, to a better way of life for all of us, is not to be found at the point of a statistician's pencil, because all he can ever produce is more figures which can be juggled almost at will. The answer all of us are seeking is to be found at the start of every working day—at the point on the production line where the economic life of this nation begins. The challenge contained therein is effort—diligent effort—from man on the industrial team, from the company president to the fellow who sweeps out. Called for is the willingness on the part of all hands to deliver a full day's production. High production is our salvation, our only salvation. Only by producing the most of the best for the least can we ever hope to bring prices down and thereby enable the American worker, along with

his fellow consumers, to purchase more goods out of actual earnings. The final test is not how labor or management figures, but how the public figures. And right now John Q. Public is flugring he's taken just about all the kicking around he intends to endure. He's sick and disgusted with all the quibbling in which labor and management indulge while judging each other's performance, and in no uncertain terms is beginning to call attention to himself as the real boss of both of them.

Labor and management may have learned a whole lot about collective bargaining in the last few years, but John Q. Public knows today, as he has known right along, how to bargain collectively. He doesn't require the services of a statistician figure jockey, or an auditor to lead him to the market which gives him the most of the best for the least.

At Learning's fountain it is sweet to drink. But 'tis a nobler privilege to think. —John Godfrey Saxe

The glow of one warm thought is to me worth more than money. —Thomas Jefferson

If, instead of a gem or even a flower, we could cast the gift lovely thought into the heart of a friend, that would be giving as angels give. —George Macdonald

By purifying human thought, this state of mind permeates with increased harmony all the affairs of human affairs. —Mary Baker Eddy

The key to every man is his thought. Sturdy and defying though he look, he has a helm which he obeys, which is the idea after which all his facts are classified. —Emerson

Repentance is sorrow converted into action; into a movement toward a new and better life.

## COTTON QUIZ

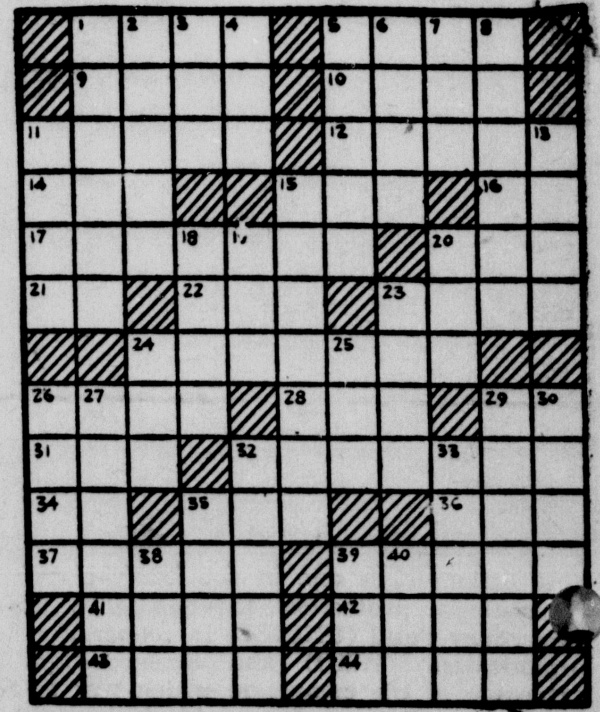

WHEN WERE COTTON AWNINGS FIRST USED?

## CROSSWORD PUZZLE

LAST WEEK'S ANSWER

## Erratic Farm Markets Move Up and Down During Hectic Week's Trading

Southwest farm markets presented a mixture of rising and falling prices during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Sorghum grain prices dropped 10 cents a hundred pounds for the week, and wheat and barley about 2 cents a bushel. Oats and corn advanced 3 to 5 cents. No. 1 wheat closed Monday at \$2.03 1-2 to \$2.11-1-2 at Texas common points. No. 2 white corn sold at \$1.73 to \$1.74, yellow corn \$1.62 to \$1.64, and milo \$2.25 to \$2.35.

Prospects of another large rice crop together with large remaining stocks from the last crop weakened again last week. Corn and oilseed meals sold lower last week while most other feedstuffs prices advanced. Unfavorable weather last week held back haymaking and caused a great deal of loss and damage to hay. Peanut prices held steady, as planting of the new crop neared completion.

Heavier supplies of watermelons and cantaloupes sold sharply lower at most markets last week. Southern Louisiana growers received lower prices for cucumbers, bell peppers and tomatoes. Many other southwest products weakened.

Eggs strengthened slightly at Denver and 1 to 2 cents at Dallas. Fryers lost 4 cents at Denver and 1 in northwest Arkansas.

Leading markets received fewer livestock of all kinds last week than the week before. A third less sheep arrived in Texas and Oklahoma than a week earlier and less than half as many as a year ago. Wholesale dressed meat prices declined mostly \$2 to \$4 for the week at New York. Pork loins fell \$7 to \$8 and lamb \$5 to \$12.

Cows, calves and bulls recorded losses of \$1 to \$2 from a week ago at southwest markets, with fed classes unchanged to \$1 lower. Medium to good killing calves ranged from \$22 to \$25 at Denver, while good and choice grades brought \$24 to \$26 at Oklahoma City, and \$23 to \$26 at Fort Worth.

Monday's strong hog market re-

duced the week's losses at Texas terminals to around 50 cents. Oklahoma City showed little change on butchers but sows and pigs lost \$1. Butcher hogs gained up to \$1 at Denver, but most sows sold unevenly lower. Top butchers closed Monday at \$22 at Denver and \$20.75 at Fort Worth.

Sheep and lambs closed Monday unchanged to \$1 lower compared to the very weak market the Monday before. Good spring lambs brought \$23 at Texas markets. Good and choice natives sold at \$27.50 to \$28 at Denver. Goats lost 25 to 50 cents.

Mohair strengthened last week, to bring 38 to 40 cents a pound for adult and 58 for kid hair. Some average French combing New Mexico wool sold around \$1.35 to \$1.45 per clean pound delivered in Boston.

Cotton advanced 50 cents to \$1.25 a bale. Spot middling 15-16 inch closed Monday at 32.55 cents a pound at Dallas and Galveston, and 32.80 at New Orleans.

### City MYF Members Had Party Friday

Members of the Methodist Youth Fellowship of the First Methodist Church were entertained at a party last Friday evening. Entertainment was in charge of Eddie Hill, a student at McMurry College, and who is serving as recreation director for the local church during the summer.

Following the playing of games a short play was given. Each person present donated some article of clothing for relief of the needy people in Europe.

Those present were Sue McCrary, Susanne Hudson, Kay Bessire, Marlene Goodgame, Rose Grady, John E. Rowland, Joe Don Hymer, Brad Rowland Jr., Suzanne Toler, Wilma Moore, Patricia Rimmer, Donald Rowland, Linda Carlton Hill, Morris Fisher and Mrs. A. B. Carlton.

Margot Pay Patterson, daughter of Mr. and Mrs. LaFoy Patterson is a guest of relatives in Paint Rock this week.

### Lousara Dean Feted On 11th Birthday

Mrs. Faye Dean honored her daughter, Lousara, with a party on her 11th birthday last Friday afternoon.

Games were played after which gifts were opened and displayed. Refreshments of cake and punch were served to the following guests: Reba Rowland, Benita Smith, Annette Fletcher, Judy Harden, Louise Herd, Tommy Seymour, Richard Loveir, Eyelene Kidwell and Le Roy Ford.

### Fandangle Opens for Annual Three-Day Run

Opening for its annual 3-day entertainment run, the Fort Griffin Fandangle shown to a capacity crowd Thursday evening, following a parade.

The event, which has become a tradition in Albany, will close with the Saturday evening performance. Hundreds of Albany citizens take part in the huge pageant each year.

### Anson Woman Leader Of Program for WSCS

Mrs. Ed Sprowles of Anson was in charge of a program given in the auditorium of the First Methodist Church in Hamlin Monday afternoon for members of the Womens Society of Christian Service.

Mrs. Sprowles is district leader for the Spiritual Life department of the WSCS.

### Miss Cave Takes Vows With Joe Weir Friday

Wedding vows for Miss Cave and Joe Weir were read in a double ring ritual by Dr. Will C. House, pastor of the First Methodist Church, in the Methodist parsonage Friday evening.

Mrs. Weir is a niece of Mr. and Tom Holman, with whom she has made her home for the past several years.

The bride wore a princess-style dress of white pique with eyelet and imported lace trim. She carried a white Bible with pink sweetheart roses and robbin streamers.

The bride's attendant was Wanda Jean Mayfield, who wore a gray silk chambray dress, trimmed with fashion rose. She wore a corsage of pink peonies.

Jake Weir, brother of the bridegroom, was best man.

Immediately following the wedding a reception was given in the home of Mr. and Mrs. Holman. Guests were received by Mrs. Kent Jones and Mrs. Holman.

The dining table was laid in lace and held a three-tiered wedding cake which was decorated with pink roses and topped with miniature bridal couple. The punch bowl was circled with pink roses.

Mrs. Weir is a graduate of the Hamlin High School with the class of 1948. She was a member of the National Honor Society and the Sub Deb club and served as salutatorian of her graduating class.

Following her graduation here she attended a business college in Abilene, and is now employed in that

## First Shipments of Wheat Are Stored In Pantex Plant

First shipments of wheat for storage in the Pantex plant near Amarillo are expected to arrive early next week, officials of Texas Technological college have announced.

Contracts have been signed with several organizations and in each instance top preference is to be given members of co-operatives, Pres. D. M. Wiggins said. Space in warehouses and igloos of Pantex will be used to store about \$500,000 bushels of wheat.

Tech moved to aid farmers of the Panhandle several weeks ago when it became apparent that storage space was short for the crop estimated to upwards of 60,000,000 bushels. Officials of the War Assets administration, which recently gave the 17,000-acre Pantex property to Tech, speedily approved the program.

Workmen speeded renovation of storage buildings, and the Santa Fe railroad cooperated by repairing Pantex trackage to facilitate wheat

city. Weir, son of Dr. and Mrs. W. C. Weir, also graduated from Hamlin High School, and is now a student in McMurry College, where he is taking a pre-medical course.

Mr. and Mrs. Weir will be at home in Abilene, after a short wedding trip.

Mrs. Brent Mitchell of Lawton, Oklahoma, is a guest in the home of Mr. and Mrs. John Ed Day. Mrs. Mitchell and Mr. and Mrs. Day left Wednesday for Lamesa to visit with Mrs. Day's mother Mrs. S. S. Caldwell.

movement.

Arrangements for the wheat storage were made by a committee of the Texas Tech board of directors which included Chanslor E. Weymouth, Amarillo; O. B. Ratliff, Lubbock; and Charles C. Thompson, Colorado City, board chairman.

### 2 From Area Listed McMurry Honor Roll

Maintaining scholastic average of more than 90 percent in all es for the semester, two students from the Hamlin area were on the McMurry College honor roll for the spring semester, it announced this week.

The students are Mrs. Diane Jones of Hamlin, and Mrs. Carson, son of Mr. and Mrs. Carson of McCauley.

# Who said so? And why are they the most wonderful tires ever built?

For more than two years these great tires have dominated the automotive scene, written themselves into the design of the new motor cars, fixed themselves in the enthusiasm of countless thousands of motorists.

What is all this? What's going on? Why should a couple of new tires create such a startling revolution? Why were they followed by a host of attempted imitations - why were they never successfully equalled or duplicated?

Yet here they are - just a couple of nice looking tires. What's inside of them? What do they do that other tires won't do? Why should you prefer them, insist on them, buy them? Why do millions insist on them and buy them?

### The answers are very simple

The answer starts with the simple fact that they are the exclusive original U. S. Royal "Air Ride" tires. They take more air than any other tires before because there's more air room inside them - yet they ride you and cushion you on less air pressure. That's point number one.

Point number two is that they steer magnificently, easier than former tires, because their treads were especially designed for steering. Their treads are for sure and easy steering as well as safe.

Point number three is that by combining lower air pressure and faultless steering you get a tire that provides complete vehicle control around the turns, in parking maneuvers, on the straight-away at any speed - yet they are tires that also ABSORB THE ROAD. They cushion you and your vehicle from every shock and discomfort. They are tires that pave their own highways as they go along.

### The difference between them

What's the difference between these two U. S. Royal tires? The difference is quantity. You get a bigger tire in the Royal Master, one with much deeper tread rubber; one whose traction and stopping tread may be renewed by regrooving time and time again. And the U. S. Royal Master costs more because it's a bigger tire with a proportionately greater capacity and span of life. Both tires are the finest net value in the world.

They are not luxury tires. They are not cut-price tires. They are pure value - the greatest value in tire history.

## The tires that revolutionized automotive riding and driving

1. The tires that perform with more air and less air pressure
2. The tires that absorb the road they travel on
3. The tires that fully cushion every shock and road strain
4. The tires that radically influenced modern automotive engineering and design
5. The tires that have been copied and imitated but neither equalled or duplicated

6. The only tires of low air pressure with especially designed steering tread
7. The tires without any excess (lazy) rubber - run cooler and, therefore, wear much longer
8. The tires exactly designed to fit your present wheels
9. The tires chosen as original equipment on the finest of the new cars
10. The tires that make old cars feel like new

11. The tires that pay for themselves in pleasure, protection and long wear

These are the tires whose revolutionary qualities and exceptional performance established today's highest standards of riding and driving comfort, safety and economy. Sold by U. S. Royal Dealers everywhere at fair and low prices representing the highest tire value in the world. You may act with complete confidence on these tires any day.

### County's Valuation on Oil Property Increased

Jones County's valuation will be increased this year by almost \$2,000,000 according to Judge Roger Q. Garrett. The increase will be due almost entirely to oil activity in the county and the addition of more than 100 new oil wells to the rolls. Valuations on real estate and other property will be increased only slightly, if at all, Garrett said. Total valuation of Jones County is expected to be near the \$20,000,000 mark, but the amount will not be known definitely until close of the Board of Equalization meeting.

Sgt. William Thomas of Wolfboro, New Hampshire, and Sgt. Lloyd Townley of Westfield, New Jersey, spent last week end as guests of Bud Lee near McCaulley. The three were close friends at Keesler Field, Miss. They were en route to Shepherd Field.

E. J. Drake and his sisters Miss Della Drake and Miss Maud Drake, went to Moran last Sunday to attend reburial rites for their cousin, Bob Scott.

Mr. and Mrs. Marvin Harris and son are guests of Mr. and Mrs. Vernon Harris of near McCaulley. The home of the guests is in Fairfield, Texas.

### Care of Teeth Is Requirement for Health and Looks

Good teeth are not the only factors in sound health, personal attractiveness and economic success, but they are all important to all three.

Our smile and our speech are among the first things noticed in our daily business and social contacts. But only bad impressions can result from ugly, decayed teeth, or gaping spaces where teeth should be. The sad fact is that such unattractive and unhealthful conditions are often due to careless and neglect.

The food we eat nourishes our teeth as it does other parts of the body. The same well-balanced diet necessary to general well-being is essential to the preservation, as well as the formation, of sound, healthy teeth.

The major function of the teeth is the grinding and cutting of food, the first step in digestion. When teeth are diseased, broken or missing, this means that it is just that much more difficult for the person to digest his food properly.

Decay of teeth is probably due to a combination of many factors. Dentists believe that decay starts from outside the tooth. When food particles, particularly sugar, become lodged on or between the teeth, bacteria, which are always present in the mouth, act on the particles to produce acids which dissolve a tooth's enamel and permit decay to start.

A tiny cavity becomes larger as the products of bacterial action destroy more enamel. Then, if neglected, the cavity may reach into the center of the tooth where the nerves and blood vessels are located. Disease-producing bacteria, spreading with the cavity, may enter the blood stream from the tooth's center and go to various parts of the body. That is how diseased teeth are sometimes responsible for setting up infection in the heart, the kidneys joints and other places.

To help ward tooth decay, the teeth should be kept clean and the dentist visited regularly. The teeth should be cleaned at least twice a day, upon arising and before going to bed.

Recently it has been shown that fluorine may help prevent tooth decay. Some communities are experimenting with adding small amounts of fluorine to the community water supply for this purpose. Some dentists advocate applying a fluorine-containing preparation to the teeth of children.

Your dentist is your best source

### Annual Reunion of Lee Family Was Event Last Saturday in Home of Louis Bailey

Mr. and Mrs. Louis Bailey were hosts in their home last Saturday to members of the Lee family for their annual reunion.

Present for the occasion were Mr. and Mrs. E. D. Groves, Roswell, New Mexico; Mr. and Mrs. Bill Coor and son, Louie, Welch, Texas; Mr. and Mrs. Roy Lee and children, Neva Joe and Donald, Midland; Mr. and Mrs. C. W. Lee and son, Willie, McCaulley; Mr. and Mrs. O. R. Lee and son, Charlie, Hamlin.

Mr. and Mrs. Bob Ellis and

daughter, Nilita, Welch, Texas; Mr. and Mrs. Dewey Drennan and son, Ralph, Welch; Mrs. R. V. Colclager and daughter, Virginia, Snyder; Mr. and Mrs. Leo Emmett, Beloit, Kansas; Mr. and Mrs. A. G. Smith and children, Annetha and Glyn, McCaulley, Mr. and Mrs. Carl Bailey, Haskell and Mr. and Mrs. Louist Bailey, McCaulley.

The time was spent in visiting and playing 42. Music and singing were enjoyed during the afternoon.

Visitors from the community who came during the day were Mr. and Mrs. W. S. Peacock, Joe Lloyd Galloway, Mr. and Mrs. Mack Reynolds, and daughter, Roberta, Mr. and Mrs. Richard Young and daughter, Miss Anna Mae Smith and Sim Smith.

A fried chicken dinner was served at noon Saturday, and fish fries provided the meals Saturday evening and Sunday.

Repentance must be something more than mere remorse for sins: it comprehends a change of nature befitting heaven. —Low Wallace

### Gleaners Class Had Picnic for Families

Members of the Gleaners Sunday School class of the First Baptist Church entertained their husbands and children with a picnic supper at the City Park last Tuesday evening.

Lunches consisting of sandwiches, potato chips, Fritos, olives, pickles, onions, iced tea, ice cream, cookies and cake were served.

Hostesses for the event were Mrs. Albert Hill, Mrs. Bud Trotter and Mrs. D. J. Turner Jr.

Present for the occasion were Mr. and Mrs. Paul Gentry, Mr. and Mrs. James Brown, Mr. and Mrs. Bill Shira, Mr. and Mrs. Marvin Carlton, Mr. and Mrs. Fred B. Moore Jr., and baby, Mr. and Mrs. Treadwell, Mr. and Mrs. Wilson Brannon, Mrs. Teddy Russell, Mr. and Mrs. Albert Hill and son, Tommy, Mr. and Mrs. Bud Trotter and daughter, Priscilla, and Mr. and Mrs. D. J. Turner Jr., and son, Mike.

Mr. and Mrs. H. O. Cassle and Arlie Cassle visited friends in Rule last Sunday.

Mr. and Mrs. Edgar Ellis and daughter, Carolyn, are spending this week as guests of relatives in Waurika, Oklahoma.

William Boyd, son of Mr. and Mrs. W. L. Boyd Jr., of Plainview, is a guest this week in the home of his grandparents, Mr. and Mrs. W. L. Boyd Sr., in Hamlin.

Mr. and Mrs. J. S. Ballew have returned to their home in Hamlin after spending several weeks in Killen on business.

Mr. and Mrs. R. W. McCurdy of Sweetwater were guests of Mr. and Mrs. Roy McCurdy in Hamlin last week end.

## Your Pontiac deserves PONTIAC SERVICE

HOMETOWN PONTIAC CO.

5 MI.

### SIGN OF THE EXPERT WHEREVER YOU GO!

It's always a wonderful feeling to get into your Pontiac and go places!

We know that you—like thousands and thousands of other Pontiac owners will be driving a lot of miles this summer, and we feel sure they will be enjoyable, comfortable, economical miles you will be happy to remember for a long time.

One of the things which adds greatly to the peace of mind that goes with Pontiac ownership is the fact that you are never more than a few minutes or a few miles from expert

Pontiac service—the kind of service your Pontiac deserves.

The two service signs you see here identify more than 4,000 Pontiac dealers across the country—all pledged, as we are—to give you the finest service, by factory-trained experts using factory-engineered parts and special equipment.

Before you start your summer travels, bring your Pontiac in for a check-up. And if you ever need service on the road, look for the sign of the Pontiac expert—it pays!

Kennedy, June 19; Frankie Weaver, June 19; R. B. Cherry, June 19; Lawrence Houghton, June 19; Mrs. J. S. Dean, June 20; Charlotte Wallace, June 20.

NEW YORK, N. Y.—The dreaded tubercle bacillus, cause of tuberculosis, and the influenza virus, are here revealed in exact proportion to each other, at 18,600 times their actual size. Striking differences in size and form of the organisms which produce tuberculosis and influenza are revealed. Portraits of disease-producing organisms, in detail never before possible, are now being taken with the electron microscope in such research centers as the Squibb Institute for Medical Research at New Brunswick, New Jersey.

Ever since the discovery of the tubercle bacillus in 1882, scientists and medical research workers have been searching for a means of combatting it in human beings. Similar work has been going forward on the influenza virus. Today vaccines are available to prevent influenza, and a modification of streptomycin, named dihydrostreptomycin, is offering new hope of recovery to those suffering from tuberculosis.

Now with the aid of the electron microscope most disease-producing organisms can be seen, many for the first time, and Squibb scientists are able to study new approaches to their defeat.

Mrs. Stella Beavers is spending this week in Fort Worth as a guest of Mr. and Mrs. Waller and Mr. and Mrs. George Beavers. Mrs. Waller and Mrs. Beavers and son, George III, came here last week for a brief visit, and Mrs. Beavers accompanied them to their homes.

Elbert Harris of Dallas is a guest week in the home of his father, R. L. Harris of Hamlin.

Guests in the home of Miss Lennie Greenway over the week end were her brother and sister-in-law, Mr. and Mrs. Walter Greenway and Mr. and Mrs. Lewis Greenway and daughter of Bartlesville, Oklahoma.

Mr. and Mrs. Jack Townley and family of Denver City, and Mr. and Mrs. V. L. Townley of Wichita Falls were guests of Mr. and Mrs. Everett Townley in Hamlin last Sunday.

Mr. and Mrs. Lowell Ballew and daughter, Konita, of Temple, spent Sunday in Hamlin as guests of Mr. and Mrs. J. S. Ballew and of Mrs. W. R. Wilkerson.

Edith Ann Scott of Denton, a student in Texas State College for Women, was a guest of her parents, Mr. and Mrs. Kelley Scott last week end.

### High Blood Pressure

HARDENING OF ARTERIES  
PAINS IN LEFT SIDE  
AND SIDE—

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes, on February 20, 1948: "Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Massachusetts.

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, of San Benito, who was in bad shape, is also very much better and her blood pressure down considerably. This Garlic works, and you are doing a fine job of producing it for benefit of those suffering from high blood pressure or heart trouble."

Hundreds of other testimonials of similar nature.

### Legal Notices

#### HOUSE JOINT RESOLUTION NO. 19

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to provide for Civil Service in certain counties upon a vote of the people therein.

#### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS

Section 1. That Article XVI of Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section, to be known and designated as Section 62-c, reading as follows: "Section 62-c. The Legislature is authorized to provide for the creation of Civil Service Systems for county employees in the respective counties of this State, but any system so authorized and established shall be approved by a vote of the people in said county. Any Civil Service System established by virtue of this section shall apply to appointive offices only, and the limitations on term of office heretofore provided by Section 30 of this Article shall not apply, but the duration of such offices shall be governed by the provisions of such Civil Service System. This Section shall not apply to counties having a population less than seventy-five thousand (75,000) people."

Sec. 2. The foregoing "Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the fourth Saturday in September, 1949, at which election all ballots shall have printed or written thereon (or in counties using voting machines the said machines shall provide) the following: "FOR THE Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein"; and

"AGAINST The Constitutional Amendment authorizing the Legislature to provide for Civil Service in counties upon a vote of the people therein."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of

A meter is 39.37 inches.

## Danger Is Seen In Handling of Milk Products

In view of the fact that June has been proclaimed National Dairy Month, Dr. Geo. W. Cox, state health officer, urges that with the more extensive use of milk, both producer and consumer be concerned as to its quality. The use of clean safe milk is a health measure.

Local interest in improved methods of producing wholesome milk has increased greatly in the past two decades and the striking advance in milk control has been responsible for the enormous saving in infant life.

Milk is perishable and especially during hot weather. To insure milk of good quality requires cleanliness, steril utensils, protection against flies, careful bottling and maintenance at low temperature. The presence in fresh milk of large numbers of bacteria, due to insanitary methods of production is a health hazard.

Dr. Cox added, "Among the diseases which may be transmitted through milk are tuberculosis, typhoid fever, scarlet fever, diphtheria, septic sore throat, undulant fever, diarrhea and enteritis. Numerous milk-borne outbreaks of disease occur every year in this country from the use of milk that might have been safe with proper care."

"We should firmly insist that the milk we drink be carefully produced, so that we will have maximum practicable protection along the line from the cow to the consumer."

### Legal Notices

#### HOUSE JOINT RESOLUTION NO. 22

proposing an Amendment to Article V, Section 7 of the Constitution of the State of Texas to provide that the Judge of the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law; providing for election proclamation and submission to qualified electors of the State.

#### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS

Section 1. That Section 7 of Article V of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Sec. 7. The State shall be divided into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a General Election, a Judge, who shall be a citizen of the United States and of this State, who shall be licensed to practice law in this State and shall have been a practicing lawyer or a Judge of a Court in this State, or both combined, for four (4) years next preceding his election, who shall have resided in the district in which he was elected for two (2)

No milk will be poured in this little boy's cup if the United Nations International Children's Emergency Fund (UNICEF), threatened by a lack of funds, is forced to halt its operations. UNICEF, now feeding supplementary meals to 5,000,000, has scarcely enough money to finish out its planned program for this year. But the hungry children will still be with us then.

next preceding his election, who shall reside in his district during his term of office, who shall hold his office for the period of four (4) years, and shall receive for his services an annual salary to be fixed by the Legislature. The Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law. He shall hold the regular terms of his Court at the County Seat of each County in his district at least twice in each year in such manner as may be prescribed by law. The Legislature shall have power by General or Special Laws to make such provisions concerning the terms or sessions of each Court as it may deem necessary.

"The Legislature shall also provide for the holding of District Court when the Judge thereof is absent or is from any cause disabled or disqualified from presiding.

"The District Judges who may be in office when this Amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on September 24, 1949, at which time all ballots shall have printed thereon:

"FOR the Constitutional Amendment providing that the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law"; and

"AGAINST the Constitutional Amendment providing that the Dis-

Miss Faith Simpson, daughter of Mr. and Mrs. Joe Simpson, is a guest of her grandparents, Mr. and Mrs. Lott L. Shell Sr., in Georgetown. She accompanied her grandmother home after Mrs. Shell had visited here last week.

strict Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

## Giles Explains Operation of New Veterans' Land Program

By BASCOM GILES  
Commissioner of the General Land Office

The Veterans land program is now a reality. The idea was born in the hearts of the veterans themselves while they were overseas and thinking about home. Their letters to my office asking how they might obtain a farm or ranch home if and when they returned, inspired me to put the machinery of this program in motion.

Last week Governor Jester's signature made the Veteran's Land bill into formal law. The bill was sponsored in the upper House by Senator John Bell of Cuero and in the lower House by Representative Reuben Senterfitt of San Saba.

The legislation grew out of a Constitutional Amendment adopted by the Citizens of Texas in a special election in November of 1946. At the following session of the Legislature the necessary enabling legislation failed to receive final consideration in the Senate.

The 51st Legislature, promptly and without a single negative vote in either House carried out the mandate of the people, making it possible for Texas Veterans of World War II to own a farm or ranch home of their own choosing by making a small down payment with the balance financed by the State at a low interest rate.

The Legislature has placed the administration of this program in the hands of the Governor, Attorney General and the Commissioner of the General Land Office.

Here briefly are some of the outstanding provisions of the new law:

The Board may issue up to \$25 million in bonds to finance the program.

Land may be purchased from an individual, from the State, or Corporations for re-sale to veterans at cost. (This provision will be more fully explained in a separate article—Editor's Note.)

Veteran may select land which he desires to purchase subject to the approval of the Board.

The maximum purchase by each veteran shall not exceed \$7,500 to be financed by the State.

Veterans disabled by combat service connected disability have 90 days preference right to purchase.

Lands may be purchased for a minimum of 5% down payment with 40 years to pay the balance at 3% interest. (This indebtedness may be retired sooner if the veteran wishes.)

All money received during the six remaining years of operation shall be used to pay interest on bonds and to purchase additional land for re-sale to veteran. The purchaser shall not transfer or sell lands purchased for a period of 3 years from the date of purchase. The veteran will not be permitted to make more than one purchase. The veteran is not required to reside upon the property.

All applications should be addressed to Bascom Giles, Commissioner of the General Land Office, Austin, Texas.

The second article explains how a veteran should proceed in selecting a tract of privately owned land for his future home.

### Eddie Hill to Serve As Youth Director

Eddie Hill, a student in McMurry College, Abilene, will serve as recreation director of the Hamlin First Methodist Church during the summer months, it was announced this week by Rev. Morris Fisher, assistant pastor.

Hill will direct activities of the youth of the church. A recreation program is planned for each Sunday evening immediately following the worship service, Fisher said. All persons in the high school or young college age group are invited to attend the programs.

Mrs. Austin Poe is visiting in Strawn in the home of Mr. and Mrs. Gene Robinson. The Robinsons are former residents of Hamlin.

## 8-Year Battle for Secret Ballot Ends in Signing of Election Bill

An eight-year campaign by the Texas League of Women Voters to secure a more secret ballot reached a successful conclusion recently with the signing of a bill by Gov. Beauford H. Jester.

Jester's signature put into effect immediately Rep. Doyle Willis' bill which uses the detached stub idea to guard secrecy of ballots cast in the future.

"The League of Women Voters of Texas congratulates Governor Jester and the 51st legislature for their response to the desire of the citizens of Texas for a more secret ballot," Mrs. Martin A. Row of Dallas, league president, said after the ceremony.

Texasans going to the polls hereafter will receive numbered ballots. The number will be duplicated on a detachable stub on one corner of the ballot.

The voter will sign his name on the back of the stub, dropping the ballot in one box, the stub in another.

The sealed stub book box will be held by the district court clerk for 60 days. If no election contest is called within that time, the clerk is directed to burn the box and its contents. The box can be opened only on court order in event an election is contested.

#### Wheat Shipments Fail To Bring Loadings Up

Shipment of wheat in the grain belt of Texas and other wheat growing states failed to prevent further drop in number of railroad freight cars loaded during the week ending June 11, 1949, as compared with the same week of 1948.

Loadings on the Santa Fe and Katy roads for the 1949 week were 30,189 as compared with 38,330 for the corresponding week of 1948.

Mrs. C. C. Connally of Abilene was a guest last week in the home of her son and daughter-in-law, Mr. and Mrs. C. E. Connally.

#### Dorcas SS Class Had Social Wednesday

Members of the Dorcas Sunday School class of the First Baptist Church met in the home of Mrs. Mattie Brewer last Wednesday for a business and social session.

Mrs. J. M. McGough gave the devotional on the book of Ruth Other women of the Bible were discussed. Mrs. L. S. Magee sang a vocal solo.

Hostesses for the social were Mrs. W. B. Boyd, Mrs. Magee, Mrs. Brewer and Mrs. N. E. Money.

Refreshments of cake, ice cream and cherries were served.

Those present were Mrs. N. E. Money, Mrs. E. A. Woods, Mrs. D. L. Bristow, Mrs. W. B. Boyd, Mrs. Minnie Cooper, Mrs. Stella Beavers, Mrs. Magee, Mrs. F. M. McGough, Mrs. Brewer, Mrs. E. M. Herring, and Mrs. Etta Stephenson.

Birthdays for June were recognized and small birthday cakes were given to those who had birthdays during the month. Mrs. L. S. Magee was given, not only a cake, but also a sympathy card because of the death of her brother.

The class sent small cakes and get well cards to Mrs. J. C. Harvey and Mrs. Lee Beavers.

Group No. 3 will entertain at the July meeting, which will be in the basement of the church building July 13, at 8 p. m. Mrs. A. R. Posey will be in charge of the program.

#### Picnic, Swim Party Thursday Evening

A picnic and swim party was planned for members of the Methodist Youth Fellowship for Thursday evening, Rev. Morris Fisher said.

The group, sponsored by Mrs. Buren Carlton, planned to drive to Anson, where they would enjoy swimming, and then have a picnic in the Anson Park.

OFFICE SUPPLIES at The Herald.

#### Officers Are Elected For City MYF Group

Miss Susanne Hudson was elected president of the Methodist Youth Fellowship of the First Methodist Church in a recent meeting for reorganization. Miss Kay Bessire was named secretary of the organization.

The MYF, which had been inactive for several months reorganized under the sponsorship of Rev. Morris Fisher, assistant pastor of the church.

Worship chairmen for the MYF are Wilma Lou Moore and Rose Grady. Recreation chairmen are Don Rowland, John Edgar Rowland, Henel Chandler and Berline Waggoner.

Mrs. Norman Lowrance and children of Dublin are guests in the home of Mr. and Mrs. Sam Terrell. They are also visiting Mr. and Mrs. Otis Hallmark, Mr. and Mrs. W. H. Hallmark and Mr. and Mrs. L. V. Miller.

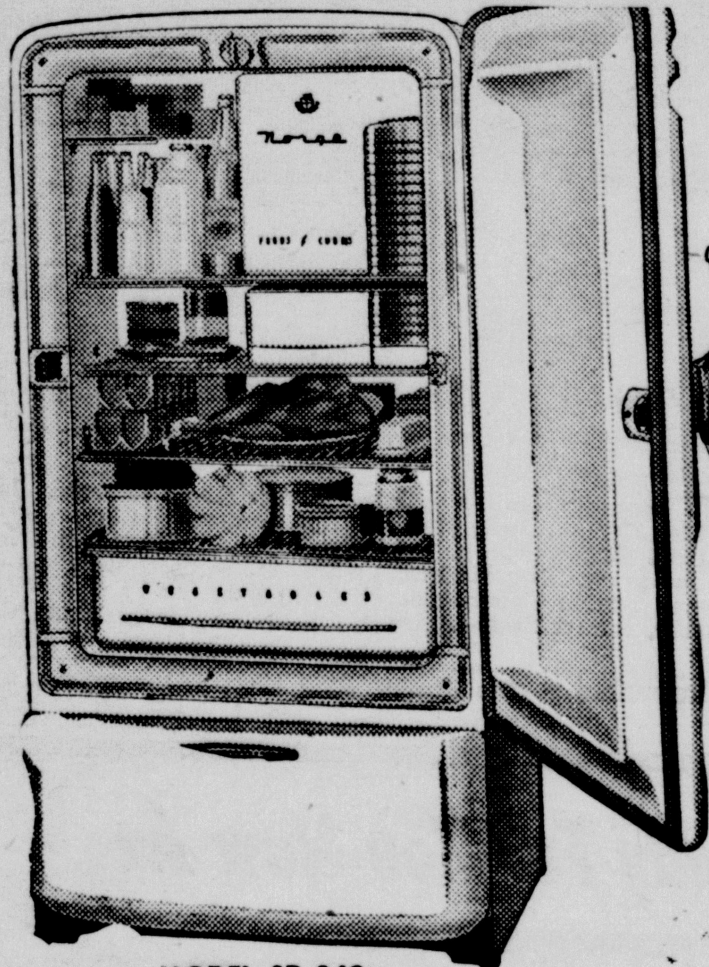

Mr. and Mrs. Teddy Russell and Mr. and Mrs. Stanley Carmichael are spending a vacation in Galveston, Houston and Corpus Christi.

Mrs. H. M. Hooper went to San Antonio last week to attend reburial services for Lt. Nayon Estes, her nephew. Estes was killed while fighting in Germany during the recent war. He was a resident of Hamlin while a small child and before moving to San Antonio with his parents.

A mahout is an elephant driver.

**ENROLL IN McMURRY**  
Two students from Hamlin have enrolled for the summer term of school in McMurry College, Abilene. They are: Brad Rowland, son of Mr. and Mrs. Brad Rowland Sr. and Miss Suzanne Toler, daughter of Mr. and Mrs. Holly Toler.

An ice hockey team has 6 players.

# 1000-BUSHEL GRAIN BINS

and other sizes

## 500 to 3550 Bushels

These Bins are the Government approved 'Grain Saver' Brand with perforated metal floor and weatherproof ventilator on the roof resulting in a constant circulation of air through the grain thereby reducing loss from moisture

Grain Chute Adjusts to Any Height

### IMPORTANT

We have these bins in 1000-bushel size only and have only a limited number of them, however, we can supply you any quantity you need of any size from 500- to 3350-bushel size on about 8 days notice. We are trying to keep an ample stock on hand for immediate delivery but if too many wait until the day they need them to get them someone is sure to be disappointed. So come NOW and get what you need.

At present the loan value of \$1.87 net to the farmer plus the storage which the grower receives after maturity of the loan will pay for the Bins needed with the added income above cash market price of the wheat. They are equally valuable for maize.

Who wouldn't take a bin if it is given to him?

## News From Our Neighbors

Events from nearby towns, taken from other papers.

ANSON—Bonds in the sum of 120,000, issued by Anson for street and water improvement, have been proved by the attorney general. City officials were notified last week. Payment of funds from the bonds is expected to be made within a few days.

ANSON—Reburial rites for Lt. George T. Elliott will be conducted in Jefferson Barracks National Cemetery, in St. Louis. Elliott was the son of Mr. and Mrs. George T. Elliott of Anson, and reported missing in action Dec. 1, 1943, while engaged in air force activities in India.

ANSON—Directors of the Anson Chamber of Commerce are attempting to employ an instructor to conduct classes in swimming in the local pool. No school will be conducted unless a competent teacher can be employed.

ANSON—Plans for a general city cleanup were announced here last week, and civic organizations girded for the campaign which was scheduled to get underway this week.

ANSON—Order for 842 street markers was placed last week by the Chamber of Commerce. Delivery date is expected before August 1. The markers will be erected by city employees.

ANSON—More than 1,000 people were estimated to be in attendance at the sixth monthly Westerners Square Dance festival here Saturday evening.

MUNDAY—Knox County delegates to the State 4-H Club Round-up included Shirley Jo Patterson, 1948 Gold Star girl.

SPUR—Funeral services for Oscar Marrs, 82, long a resident of Dickens County, were conducted last Sunday afternoon. Marrs died last Saturday following a brief illness.

SPUR—Rites for Melvin Alvin Ware, 57, were conducted Saturday. Ware, a long-time resident of the county, died last Thursday.

SPUR—Lester Ball, graduate of Spur high school in 1941, has been named athletic coach at Roy, New Mexico.

ASPERMONT—Rainfall for 1949, January to June 16, totaled 14.01 inches in Aspermont. Total rainfall for the same period in 1948 was 10.12 inches.

STAMFORD—Rev. Paul Joyner, pastor of the Assembly of God Church, has resigned to accept the pastorate of a church in Anthony, New Mexico. Rev. Joyner, who has been here for 23 months, preached farewell sermon last Sunday evening.

STAMFORD—With only two weeks remaining before opening of the 1949 version of the Texas Cowboy reunion, officers and directors of the event were busy this week on last-minute preparations.

STAMFORD—Revenues from the sale of water in Stamford have dropped off considerably during the past several weeks because of heavy rains. The rainfall has eliminated the need for watering of shrubs and flowers.

SNYDER—Sale of the Ely-Arnold and Ely Gin to Western Cotton Oil Co., was announced last week. The gin was organized in 1927 and has been in continuous operation for 22 years.

SNYDER—N. W. Autry, chief of the Snyder Fire Department for 23 years, was elected president of the Texas Firemen's and Fire Marshal's Association at the annual meeting in Galveston last week. Autry first vice president of the group last year.

SNYDER—Ford Caperton was elected president of the newly organized Kiwanis Club Tuesday evening. Billy Brown was named vice president.

SNYDER—A gift of a new fire siren has been made to the City of Snyder by the Rotary Club.

SNYDER—First place in grass judging was won by the Scurry County 4-H Club delegation at the District 7 competition last week.

SNYDER—Funeral services were conducted last Friday for Mrs. Lula Hood, 32, who died in the family home here last Thursday as a result of acute indigestion.

SNYDER—A drive to raise \$15,000 for improvement of the Snyder football field got underway last week with the sale of certificates. The certificates will be redeemed by revenues from athletic contests.

SNYDER—A fund of \$250 was raised last week for the Salvation Army in a drive for money. All civic

and commercial groups of the city participated in the campaign.

HASKELL—Funeral services were conducted last Sunday afternoon for Jess T. Finley, 78, well known resident of Haskell for many years. Finley died last Friday following an extended illness.

HASKELL—Plans for an extensive city-wide cleanup campaign were announced this week, when it is proposed to remove all trash and rubbish from alleys, and to cut weeds on all vacant lots.

HASKELL—Mrs. R. J. Reynolds, a resident of Haskell for more than 50 years, died in the home of a daughter in Denver, Colorado, last Sunday. Funeral services were conducted Wednesday afternoon.

HASKELL—Mrs. Royce W. Cannon has been named assistant city secretary and tax collector.

MERKEL—C. A. Farley has been chosen as scoutmaster for the Merkel troop to replace Dr. J. H. Chaney who resigned. Frank Breaux has been selected as assistant scoutmaster.

MERKEL—Final rites for Mrs. S. G. Russell, 68, a resident of Merkel for 54 years, were conducted Monday. Mrs. Russell died last Sunday.

ROBY—Mayor Johnny Ammons went to Austin last week to attend the hearing on the Oak Creek reservoir, which is proposed as a water supply for Sweetwater, Roscoe, Roby and Rotan.

ROBY—The city of Roby was

sprayed with DDT last Monday as part of a clean-up drive here to prevent an outbreak of polio in this community.

ROTAN—A school band for Rotan seemed assured this week following the election of Miss Betty Hoffman of Mason as director of school musical activities.

ROTAN—Sale of bonds to finance construction of a field house for the Rotan athletic field had raised approximately \$4,000 in funds this week.

ROTAN—Solicitation of funds for purchase of chimes for the Rotan Methodist Church got underway last week, and leaders of the drive believed the chimes can be purchased within a few days.

Mrs. E. M. Hames and children, Joy Pay and Melvin, are visiting relatives in Alabama this week.

Mr. and Mrs. W. F. Martin of Mineral Wells were business visitors in Hamlin last week.

Angela Malouf, daughter of Mr. and Mrs. George Malouf, is visiting relatives in Lubbock this week.

## Governor Signs Veterans' Land Bill

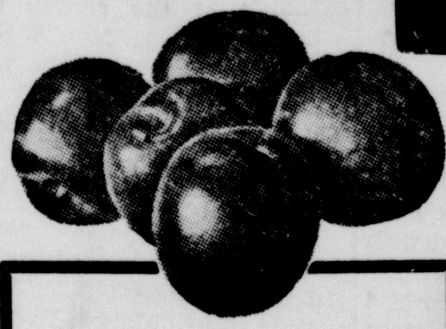

Legislation putting into effect the Veterans' Land Bill has been signed by Governor Beauford Jester. Present as the Chief Executive approved the bill, left to right: Rep. Reuben Senterfitt and Sen. John Bell, sponsors of the bill; Bascom Giles, Commissioner of the General Land Office, who originated the program; Bill McCraw, Dallas State Legion Commander; Bert Giesecke, former State Legion Commander; Governor Jester; Judge Horace Shelton, former State Commander of the VFW; Ward Moody, State Adjutant of the Legion; and Alvis Vandygriff, Chief Clerk of the General Land Office.

## Rites in Rotan For Aged Woman Known in Hamlin

Funeral services for Mrs. Lucy Lee Crosby, 84, were conducted Sunday afternoon at Cottonwood Cemetery, near Rotan. Rev. Sam J. King of Hamlin, pastor of the County Line Nazarene Church was in charge.

Mrs. Crosby well known in Hamlin, died in her sleep Saturday night.

Born March 6, 1865, She came to Snyder at an early age. She was married to A. T. Smedley of Snyder in 1888. Two children were born to the marriage. Smedley died in 1916.

Later she was married to A. S. Crosby, and made her home in Fisher County for many years.

Survivors are two children, F. M. Smedley of Tuckerman, Arkansas; and Mrs. Lula Maynor of Leachville, Arkansas; one brother, J. F. Clegg of Rotan, and several grandchildren and great grandchildren.

## The Celotex-an

BY IRIS ANN CRISWELL

Visitors in the home of Mr. and Mrs. R. R. Christian during the past week were Mr. and Mrs. Odell Mize of Hamlin, Mr. and Mrs. O. R. Criswell and children of Celotex, Mr. and Mrs. E. ### CELOTE PARTY

Dick Armstrong, Sarah Johnson and Benny Elkins were in charge of the weekly party at Celotex last week. Games were played and refreshments were served to approximately 25 guests.

## Boy Scouts Lower Age Limits for Branches

In an unprecedented move, the Boy Scouts of America has lowered the entrance age for its three programs of Cub Scouting, Boy Scouting and Senior Scouting, effective next Sept. 1.

In announcing the far-reaching change authorized by the National Executive Board of the organization, Dr. Arthur A. Schuck, Chief Scout Executive, said the decision was reached after a three years' exhaustive study during which opinions were obtained from experienced leaders as well as parents.

After Sept. 1, boys may become Cub Scouts at eight years of age instead of nine; Boy Scouts at eleven instead of twelve and Explorers at fourteen instead of fifteen years of age.

The program known as Senior Scouting, Dr. Schuck announced, now becomes "Exploring" with its broad enough to include land, sea and air activities as well as life exploration. Units specializing in seamanship or in aviation will be known as Explorer Ships or Explorer Squadrons, respectively.

Rainy weather is indicated by a ring around the moon.

## VETERANS' NEWS

Veterans holding unused Certificates of Eligibility for education or training under the GI Bill and who plan to start training during 1949, should exchange them for new certificates, VA reports.

VA must verify how much training veterans are entitled to, if they hold old certificates. Until VA does this it cannot pay tuition to schools or make subsistence payments to veterans holding the old certificates.

Veterans receiving new certificates will also receive a Claim Number which will make doubly sure of identification and improve service. Certificates which should be exchanged are those issued before September 1, 1948.

Exchange can be made at the VA regional office having jurisdiction over the veteran concerned.

The number of compensation and pension cases on Veterans Administration rolls increased from 2,878,000 on October 1, 1948, to 2,879,000 on November 1—the first increase in six months. The peak was reached August 1, 1947, when VA reported 2,894,000 cases.

About 2,418,000 veterans were in schools and job training establishments under the GI Bill and Public

Mrs. Bud McClure of near McCaulley has returned to her home after visiting with her mother at Bonham.

Mrs. M. T. Via of Cumby, Texas, was a guest this week of her mother-in-law, Mrs. M. T. Via in Hamlin.

Mr. and Mrs. Leo Emmot of Beloit, Kansas, were guests of Mrs. Emmot's parents, Mr. and Mrs. W. C. Lee last week.

Portland cement is named for Portland, England.

Law 16 on November 1, 1948, VA reports. A year ago, the total was 240,000 higher, or 2,658,000.

## W.M.S. Members In Missionary Program

Members of the Womens Missionary Society of the First Baptist Church met for a Royal Service mission study program Monday afternoon, with Mrs. A. Spencer as leader.

Subject of the study was "Christ the Answer to Questing Youth."

Mrs. I. R. Huchingson gave a devotional.

Mrs. B. V. Newberry and Mrs. Herman Treadwell gave talks on the youth problem.

Repentance without amendment is like continually pumping without mending the leak.
